## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 12 and 15-27 are allowed.
2. The following is an examiner's statement of reasons for allowance: **Claim 12** is allowable because the prior art fails to teach or suggest, either alone or in combination, a display device wherein each pixel comprises "a plurality of optical parts, a data latch corresponding to each optical part; a digital to analog converter for each of said plurality of optical parts to which output of the respective data latch is applied, wherein each optical part is driven by the digital to analog converter; and a serial shifter corresponding to each optical part."

**Claim 16** is allowable because the prior art fails to teach or suggest, either alone or in combination, a display device wherein each pixel comprises " a serial shifter corresponding to each optical part; a data latch corresponding to each optical part; a single digital to analog converter; a first switch to selectively and individually apply the output of the pixel's data latches to the single digital to analog converter; and a second switch to selectively and individually apply the output of the single analog to digital converter to the plurality of optical parts."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
